LOGGY

Truck maintenance checklist

General walk-around list, not a legal list. Your truck's manual and the rules where you work say what you must check. Items based on a published truck pre-trip list (Rush Truck Centers, 2025).

Truck / plate _____ **Date** _____ **Odometer or hours** _____

Driver _____ **Signature** _____

Check	Pass	Fail	N/A	Note
Engine bay				
Oil, coolant and power steering fluid levels				
Belts: cracks or fraying				
Hoses: leaks, bulges or soft spots				
Any sign of a leak under the engine				
Radiator and charge air cooler clear of debris				
Cab				
Gauges: oil pressure, coolant temperature, voltmeter, air pressure				
Wipers, washers, heater and demister				
Mirrors adjusted				
Seat belt in good condition and locking				
Fire extinguisher, warning triangles, spare fuses (if your truck carries them)				
Outside				
Body panels, loose hardware, missing reflectors				
Mirrors, windows and windscreen free of cracks				
Truck sitting level, no lean				
Tyres, wheels and rims				
Pressure to the maker's figure				
Tread depth, uneven wear, bald spots				
Cuts, bulges, exposed cords, sidewall damage				
Rims: cracks, bends or rust trails				
Wheel nuts tight, no leaking wheel seals				
Brakes (and air system, if fitted)				
Air leaks in hoses or brake chambers				
Brake lining wear				
Service and parking brakes working				
Slack adjusters and pushrods with proper clearance				
Steering and suspension				
Steering play, power steering hoses				
Springs and shocks, any lean or sag				
Lights				
Headlights, high beams, fog lights				
Indicators, brake lights, hazards				
Clearance and marker lamps				
Reflectors in place and visible				
Coupling and trailer (if you tow or haul one)				
Fifth wheel: no cracks or missing parts				

Locking jaws fully around the kingpin, release arm closed and locked
Air and electrical lines connected and not rubbing
Landing gear fully raised
Trailer lights working
Trailer floor, rails, cross-members; doors, seals and hinges

Keep the record with the truck. Run this check in the Loggy app: tap Inspect, sign on your phone, and it saves to the truck's history. A generous free plan with unlimited vehicles, no ads. On iOS and Android. **loggy.com**
